#### Lockheed Martin Selects Sargent Fletcher for Pod Production

Sargent Fletcher Inc., a wholly owned subsidiary of Cobham plc, announces the award of a production contract from Lockheed Martin Corporation to manufacture and deliver MXU-648 Style Cargo/Travel Pods for the Block 60 F-16.

“The Sargent Fletcher Inc. MXU-648 Style Cargo/Travel Pod is another success in providing mobility and deployment utility for a variety of aircraft with Special Purpose Pod applications,” stated Stephen Taylor, Business Development Manager for Tanks and Pylons. “Sargent Fletcher continues moving forward with product presence on the F-16 aircraft with the selection of this pod. Production and delivery of the MXU-648 Style Cargo/Travel Pod support a Lockheed Martin requirement to deliver Block 60 F-16 aircraft with a complete inventory of Auxiliary Mission Equipment”.

The MXU-648 Style Cargo/Travel Pod (P/N 402136) will be manufactured at the Sargent Fletcher facility in El Monte, California, USA. Terms of the contract were not disclosed.
