Lockheed Martin Procuring Additional 1360-Gallon External Fuel Tanks

Sargent Fletcher Inc., a wholly owned subsidiary of Cobham plc, announces the award of a follow-on production contract from Lockheed Martin Corporation to manufacture and deliver 1360-Gallon External Fuel Tanks for C-130 aircraft. The 1360-Gallon External Fuel Tank has been a cost effective solution for a variety of C-130 aircraft programs.

“The C-130 legacy is a compliment to Sargent Fletcher’s continued successes in external fuel tank development and production for aircraft covering the globe,” said Stephen Taylor, Business Development Manager for Tanks and Pylons. “We are proud of our legacy as a supplier for the various C-130 platforms and, we look forward to supporting Lockheed Martin with this additional production program”.

The Sargent Fletcher designed, developed, and tested 1360-Gallon External Fuel Tank will be manufactured at Sargent Fletcher’s facility in El Monte, California.
